

### **WHY STUDY IN GREECE**

Greece is a land of contrasts; picturesque islands, rugged mountains, isolated rural villages and modern cities. Every aspect of this amazing country reveals the diversity, complexity, enthusiasm and intensity with which life is lived in Greece. With a single glance one can easily discern aspects of the ancient world, Byzantine culture and contemporary pragmatism. Here you can learn about classical civilization, walk through ancient streets, share the passion of local politics, witness the legacies of Alexander the Great, the Romans under Constantine the Great, the Byzantine Empire, etc.

### **THE CITY OF THESSALONIKI**

Thessaloniki is the second largest city in Greece, a classical city full of Hellenistic, Roman and Byzantine monuments. It was founded by Cassander and named after the sister of Alexander the Great.
